

Good morning sir,

How are you doing today? I believe you are doing very well. How was the Christmas celebration and everything.

I want to use this medium to thank you for everything first of all. I want to first thank you for accepting me . I really do not thank it for granted. Thank you for your continuous teachings. One of the top things I have learnt from you this year is HONOUR . I didn't know much on it ,you carefully took your time to teach us on Honour . I now understand it very well, not just that but I am also practicing it. I didn't appreciate or showed honour well enough to people but I am doing what is expected and pray to get better by the day.

I also want to thank you for your constant love and prayers, it hits differently sir. Knowing that you have someone who looks out for you, prays for you ,scolds you is just the best. I have been praying for you and I know your best is yet to come. I want to thank you for allowing me handle engagements on your page. I consider that another learning platform, most of the people on your timeline have value and are giving out value . I followed some of them on my personal page. Thank you very much sir.

Thank you for not giving up on "Chosen Ones". Sometimes it feels like no one appreciates you or practice what you say but you keep pushing. Thank you for teaching us even if it is just one person available.

Thank you for the year 2022, I wouldn't have gained this much if you weren't part. I thank God for bringing me to you. I am humbled. I pray that God will continue to use you greatly. May He reveal Himself to you. I pray that you never lack be it spiritually, financially, socially and also relationship wise. Your cup will overflow with divine favour.

I may have not been the best of character but I am ready and willing to do much better next year. Thank you sir. God bless you . Amen.
